Reciting The Transferor Society desired to transfer its engagements to the Transferee Society and the Transferee Society desired to accept a transfer of the engagements of the Transferor Society

And Reciting abstracting presents were subject to the performance and observance by the Societies parties thereto of the relevant requirements and provisions of the Building Societies Act 1962

Then (subject as foresaid) **It was Thereby Agreed** (inter alia)

1. **The** Transferor Society should transfer to the Transferee Society all the funds, property, securities and assets of the Transferor Society (including the benefit of all contracts and statutory compensation and tax credits) as the same may exist on the Effective Date and the same should vest in the Transferee Society as on the Effective Date
5. **On** the Effective Date every borrowing member of the Transferor Society should become a borrowing member of the Transferee Society upon the same terms and conditions as the borrowing members of the Transferee Society but neither the Transfer of Engagement nor the Rules of the Transferee Society (which in all other respects should apply to the borrowing member) should operate to impose on the borrowing member in respect of an advance outstanding on the Effective Date and financial or other burden more onerous than could have been imposed on him under the Rules of the Transferor Society
6. **On** the Effective Date the Transferee Society should (inter alia) change the name of the Transferee Society to Anglia Building Society
12. **The** Transferee Society Should take over from the Transferor Society all its funds, property and assets without any exception and the same should be deemed to be vested in the Transferee Society by virtue of this Instrument and the registration thereof or otherwise pursuant to the statutory provisions in that behalf
