Fixed Rate e-Bond

What is the interest rate?

You can find the details of our available interest rates in the table below.

Term	Monthly Interest rates (fixed)		Annual Interest rates (fixed)	
	AER	Gross p.a.	AER	Gross p.a.
1 year Fixed Rate e-Bond	0.40%	0.40%	0.40%	0.40%
2 year Fixed Rate e-Bond	0.50%	0.50%	0.50%	0.50%

Interest is calculated daily.

If you choose for interest to be paid annually:

Interest is paid at the end of the day before each anniversary of the account opening, at the end of the fixed term and on the date the account is closed. You can choose to have interest paid to you by having it added to your account, or by asking us to pay it into your Nationwide current account.

If you choose for interest to be paid monthly:

Interest is paid at the end of each month, at the end of the fixed term and on the date the account is closed. The interest must be paid into your Nationwide current account. If you open your account towards the end of the month your first interest payment may not be paid until the end of the following month.

Can Nationwide change the interest rate?

No, the interest rate on this account is fixed for the term of the Fixed Rate e-Bond and cannot be changed.

Can I withdraw money?

Yes, but this account doesn't allow part withdrawals. You can close the account and withdraw the whole of the balance during the fixed term, subject to payment of an early access charge.

Once the account is open, there is a 14 day cancellation period where you will be able to cancel your Fixed Rate e-Bond. After this period if you do close the account early the early access charge will apply. The amount of the early access charge will depend on the length of the fixed term and will be based on a number of days' interest at the rate applicable to the Fixed Rate e-Bond as detailed in the table below.

Term	Early Access Charge
1 year Fixed Rate e-Bond	90 days interest
2 year Fixed Rate e-Bond	180 days interest

If there's insufficient earned interest to cover the early access charge then the difference will be taken from the money in the account. The money in the account, together with any interest earned and minus the early access charge, will be paid to you on closure of the account.

At the end of the term, your Fixed Rate e-Bond will mature into a Fixed Term e-Bond Maturity account, giving you instant access to your money. We'll contact you before your Fixed Rate e-Bond matures with more information.
