Fixed Term e-Bond Maturity

What is the interest rate?

Your interest rate depends on your account balance.

Your account balance:	Interest rate AER/gross a year (variable):	
£1 - £9,999	2.25%	
£10,000 - £49,999	2.30%	
£50,000+	2.35%	

Receiving your interest

We work out your interest daily, and pay it into your account yearly on each anniversary of the account opening and on the day

You can choose to have interest paid to you by having it added to this account, or by asking us to pay it into a different Nationwide current or savings account (as long as it is possible to make interest payments into that account) or a current account with another building society or bank.

>>> Can Nationwide change the interest rate?

Yes, the rates are variable. That means we can change them, up or down.

The following sections of our Savings General Terms and Conditions explain when we can do this, and how we'll let you know:

- 'Variation of your interest rate and other account terms and conditions'
- 'How will we tell you about interest rate changes?'

You can also check our current rates in your branch, or online at nationwide.co.uk/savingsrates

What would the estimated balance be after 12 months based on £1,000, £10,000 and £50,000 deposits?

Initial deposit:	Interest rate AER/ gross a year (variable):	Balance after 12 months:
£1,000	2.25%	£1,022.50
£10,000	2.30%	£10,230.00
£50,000	2.35%	£51,175.00

The table shows what a future balance might look like. It assumes:

- Interest is paid into the account
- · You don't pay any more money in or take any out
- · The interest rates shown do not change

How do I open and manage my account?

This account is not open to new business. When your Fixed Rate e-Bond matures, your money will move automatically into this account as per the Fixed Rate e-Bond Key Product Information.

You can make as many deposits as you want up to the maximum balance of £5 million.

Manage your account

- · Using our Banking app or the Internet Bank (if you're registered).
- In one of our branches.

Can I withdraw money?

- Yes, you can take money out using our Banking app or Internet Bank to transfer money to any Nationwide savings or current account that accepts payments.
- You can make partial withdrawals from the account using our Internet Bank or Banking app. The money can
 only be transferred to a Nationwide current or savings account (as long as it is possible to make payments into
 that account) in the name of the account holder, or in the name of at least one of the account holders if the
 account is held jointly
- If you make a withdrawal in branch, you must withdraw the whole of the balance. Your account must then be closed.

For information on our cash and cheque withdrawal limits, ask in branch or check online at **nationwide.co.uk/withdrawal-limits**
