Instant ISA Saver Issue 19

What is the interest rate?

Your interest rate depends on your account balance.

Your account balance:	Interest rate AER/tax-free (variable):
£1 - £9,999	2.25%
£10,000 - £49,999	2.30%
£50,000+	2.35%

Receiving your interest

We work out your interest daily, and pay it into your account yearly on 30 September and on the day the account closes. You can choose to have interest paid to you by having it added to this account, or by asking us to pay it into a different Nationwide current or savings account (as long as it is possible to make interest payments into that account) or a current account with another building society or bank.

Can Nationwide change the interest rate?

Yes, the rates are variable. That means we can change them, up or down.

The following sections of our Cash ISA General Terms and Conditions explain when we can do this, and how we'll let you know:

- 'Variation of your interest rate and other account terms and conditions'
- 'How will we tell you about interest rate changes?'

You can also check our current rates in your branch, or online at nationwide.co.uk/savingsrates

What would the estimated balance be after 12 months based on £1,000, £10,000 and £50,000 deposits?

Initial deposit:	Interest rate AER/tax-free (variable):	Balance after 12 months:
£1,000	2.25%	£1,022.50
£10,000	2.30%	£10,230.00
£50,000	2.35%	£51,175.00

The table shows what a future balance might look like. It assumes:

- The account opens on 1 November
- Interest is paid into the account
- You don't pay any more money in or take any out
- The interest rates shown do not change

How do I open and manage my account?

1. How to open your account

This account is not open to new business. When your 1 Year Triple Access Online ISA matures, it will move automatically into this account, as per the 1 Year Triple Access Online ISA Key Product Information.

You may be able to add up to this year's ISA allowance (£20,000 in the tax year 2024/2025). This depends on whether you have already used your ISA allowance this tax year. (If you're under 18, it will also depend on whether you've paid into a cash ISA with another provider in this tax year.) If you have existing ISAs with us or with another provider, you can transfer them into this account by going to nationwide.co.uk/isas

2. Manage your account

- Using our Banking app or the Internet Bank (if you're registered).
- In one of our branches.

Can I withdraw money?

Yes, this is an instant access savings account so you can get access to your money whenever you need it without notice or loss of interest.

Subject to the balance in your account, you can:

- Withdraw up to £500 in cash a day or up to £500,000 by cheque at any of our branches.
- Take money out using our Banking app or Internet Bank to transfer money to any Nationwide savings or current account that accepts payments.
- Make transfers by CHAPS (please note, this service is only available in branch and there is a fee payable).

You can replace any withdrawn money from your cash ISA, as long as you withdraw and replace it in the same tax year, without impacting your annual ISA allowance.

Additional information

How we've set up the Nationwide cash ISA

When you open one or more of our cash ISA products, they will each be part of a single portfolio cash ISA. This means that although you can pay money into your different products, you will only be paying into one portfolio cash ISA. We've set up our cash ISA in this way because it allows you to spread your annual ISA allowance across different products. For example, you could pay part of it into a fixed rate product and part into an instant access product.

The only exceptions are Smart Junior ISA and Child Trust Fund Maturity ISA. These are stand alone cash ISAs which cannot be included in the portfolio cash ISA.

Interest rate terms explained

AER
