

Easy Cash ISA

Key Product Information

This Key Product Information gives you information that is specific to the particular cash ISA you have with us. It forms part of the terms and conditions of your account and needs to be read together with the other documents that make up your agreement. If anything is inconsistent between those documents and this Key Product Information, this Key Product Information will apply.

Easy Cash ISA

Interest

1. The interest rate payable on the account is variable. From time to time, the account may have tiered interest rates, based on the balance in your account. Where this is the case, the interest rate payable on each tier is variable. When the balance in your account changes, taking you into a different tier, the interest rate for the new tier will be applied automatically.
2. Interest is calculated daily and paid annually on 30 September and on closure.
3. Interest can be paid either into the account, a Nationwide current or savings account (excluding Regular Savings or Flexclusive Regular Saver), or a current account with another bank or building society.

Taking Money Out

4. You can withdraw any available funds in the account or transfer to another ISA provider without notice or loss of interest.
