# Why we're on the move

## Our branches are important to us

They're at the heart of your Society and we know you value the face-to-face service they offer. Which is why we're committed to our branch network and we'll always do our best to keep our branches open.

In fact, we've made a promise to every town and city in the UK that has a branch: If you have a Nationwide branch in your town or city today, we promise you'll still have a branch on 31 May 2021.

## Why we're on the move

Sometimes, as part of our branch commitment, we move our branches to a better improved space to make sure we keep giving you the best service we can. And that's what we're doing with your new look Wrexham Regent Street branch, just a short walk away from the old one.

## Why we're on the move

Your better Wrexham branch will be at 21-23 Regent Street, Wrexham, LL11 1RY and will be opening on Monday 27 January 2020.

## Important information

We're part of something called the 'Access to Banking Standards', which means that if ever we do close branches, we do so responsibly. Just so you know, the Access to Banking Standards require us to:

- Consider a wide range of data and information to assist in deciding which branches will be closed
- Review the likely impact on customers and the local area
- All proposals are approved at senior level, than at a regional level before a local project management team deliver the key tasks within the specified timings
