

Important information

FlexAccount, FlexPlus and FlexDirect Arranged Overdraft Representative Example

39.9% APR representative (variable). Based on an assumed arranged limit of **£1,200** and an interest rate of **39.9% per year** (variable).

How much does my overdraft cost in pounds and pence?

As an example, the interest cost of borrowing £500 is:

7 days	30 days	60 days
£3.26	£13.99	£28.27

You can use our calculator to work out how much your anticipated arranged overdraft borrowing would cost over different periods of time.

For the 60 day example, we've applied the charges for the first 30 days, on day 31. This means that the charge in the second month is higher as we charge interest on the interest you've incurred up to that point.

FlexStudent, FlexGraduate and FlexOne (aged 18+) Arranged Overdraft Representative Example

0% APR representative (variable). Based on an assumed arranged limit of **£1,200** and an interest rate of **0% per year** (variable).

How do our overdrafts compare?

A good way to compare the cost of our overdraft with other overdrafts or other ways of borrowing is to look at the representative APR. The APR shows the cost of borrowing as an annual rate.

FlexDirect Credit Interest Offer

5% AER (4.89% gross p.a.) fixed interest on balances of up to £2,500 for the first 12 months, and 1% AER (0.99% gross p.a.) variable after that.

- (1) To receive these rates you must pay in to your FlexDirect account at least £1,000 a month. (2) Money paid in from other Nationwide accounts held by you or anyone else or Visa credits (for example, refunds you receive back into your account) won't count towards the £1,000. (3) Interest is calculated on the last day of each month and is paid on the first day of the next month. We pay interest without tax deducted. (4) If the account balance that we calculated interest on changes, then we may need to debit your account with an interest adjustment. (5) If you have previously held a FlexDirect account and benefitted from the 5% AER introductory rate, you will not be entitled to this rate again and the 1% AER rate will apply, unless you are opening a FlexDirect account in joint names and you haven't previously held a FlexDirect account in those joint names.

FlexDirect 12 months' interest-free arranged overdraft (subject to status)

- 1) The 12 months interest free period starts from the date you open your FlexDirect account with us and after the 12 months our arranged overdraft interest rate shown overleaf will apply.
- 2) Nationwide reserves the right to withdraw this offer at any time. This will not affect members who are already benefiting from the offer.
- 3) If you have previously held a FlexDirect account and benefitted from the introductory interest-free overdraft, you won't be entitled to this offer again, unless you are opening a FlexDirect account in joint names and you haven't previously held a FlexDirect account in those joint names.

All rates and charges may change.

We may decide when to apply and waive all account charges.

Monthly cap on unarranged overdraft charges

Nationwide no longer offers unarranged overdrafts. If you do accidentally exceed your arranged overdraft limit (meaning you won't be able to use your account until you credit it again), we'll only charge you for borrowing up to your arranged overdraft limit. So, our Monthly Maximum Charge for unarranged overdraft fees is £0.

Important information about cheques

Please consider the following when paying in cheques:

- For withdrawals and certainty, if you pay a cheque into the account on a Saturday, Sunday, bank holiday or at a Nationwide cash machine, then the day of deposit will be the next working day.
- Although we'll allow you to withdraw against cheques as shown in the table overleaf, this doesn't mean that the cheque has cleared for certainty. Cheques can be returned unpaid before certainty. If so, we'll take the money from your account.

We're here to help

If you have charges on your account which you're concerned about or think may be wrong, please contact us on **0800 30 20 11**.

Words we use

- **Clearing for withdrawal** is when you're allowed to withdraw against any cheque you pay into your account.
- **Clearing for certainty** is when you can be certain that we'll not debit any cheque you've paid in with us that's returned unpaid without your permission (unless you're a knowing party to fraud).
- **Counter Draft** is a cheque issued in branch which guarantees the funds specified.
- Our **compounded interest rate** is the rate of interest you'll pay on your overdraft over a year and shows that we charge interest each month on your balance and this will include any interest which has already been added to your account.
- **APR** stands for Annual Percentage Rate. It includes all the costs of borrowing including certain account fees and promotional rates. It's for comparing costs between different products and providers. For Nationwide this is the same as the compounded rate.
- **AER** stands for Annual Equivalent Rate and illustrates what the interest rate would be if interest was paid and compounded once each year.
- **Gross p.a.** is the interest rate without tax deducted.
- **SWIFT Transfer** is a way of making a sterling payment from the UK to another country or a payment in a currency other than UK Pounds. SWIFT cannot be used to make payments in euros to an account within the Single Euro Payments Area.

*Conditions apply. Please see the conditions in the FlexDirect Credit Interest Offer box over the page

**For withdrawals and 'certainty', if a cheque is paid into the account on a Saturday, Sunday, Bank Holiday or at a Nationwide cash machine then the day of deposit will be the next working day.

¹ Interest is paid without tax deducted. You may need to pay tax on any interest that exceeds your Personal Savings Allowance. For more information please visit HMRC's website at hmrc.gov.uk.

If we make a change to these interest rates we'll notify you at least two months in advance if the change is to your disadvantage. If the change is to your advantage we may make it immediately.

² If we make a change to these rates we'll notify you no less than seven days in advance if the change is to your disadvantage. If the change is to your advantage we may make it immediately.

³ If we make a change to these charges we'll notify you at least two months in advance.

⁴ If you either go into unarranged borrowing or you don't have an arranged overdraft in place and you spend more than you have in your account, to be able to make payments or take cash out, you'll need to bring your account back into credit or within your arranged overdraft limit.
