## » What is the interest rate?

Your interest rate depends on your account balance.

£10,000 - £49,999	0.03%
£50,000+	0.05%

### Receiving your interest

We work out your interest daily, and pay it into your account yearly on 31 March and on the day the account closes.

## » Can Nationwide change the interest rate?

Yes, the rates are variable. That means we can change them, up or down.

The following sections of our Cash ISA General Terms and Conditions explain when we can do this, and how we'll let you know:

- 'Variation of your interest rate and other account terms and conditions'
- 'How will we tell you about interest rate changes?'

You can also check our current rates in your branch, or online at [nationwide.co.uk/savingsrates](https://nationwide.co.uk/savingsrates)

## » What would the estimated balance be after 12 months based on £1,000, £10,000 and £50,000 deposits?

## How do I open and manage my account?

### 1. How to open your account

When your Fixed Rate ISA matures it will move automatically into this account, as per the Fixed Rate ISA Key Product Information.

You may be able to add up to this year's ISA allowance (£20,000 in the tax year 2020/21). This depends on whether you have already used your ISA allowance this tax year, or paid into a cash ISA with another ISA manager.

If you have existing ISAs with us or with another provider, you can transfer them into this account by going to [nationwide.co.uk/isas](https://nationwide.co.uk/isas)

### 2. Manage your account

- Using our Banking app or the Internet Bank (if you're registered).
- In one of our branches.

## Can I withdraw money?

- Yes, you can take money out in one of our branches or use our Banking app or Internet Bank to transfer money to any Nationwide savings or current account that accepts payments.
- You can replace any withdrawn money from your cash ISA, as long as you withdraw and replace it in the same tax year, without impacting your annual ISA allowance.
- You can make transfers by CHAPS (please note, this service is only available in branch and there is a fee payable).
- If you make a withdrawal in branch, you must withdraw the whole of the balance or transfer the whole of the balance to another Nationwide cash ISA or to an ISA manager. Your account must then be closed.

For information on our cash and cheque withdrawal limits, ask in branch or check online at [nationwide.co.uk/withdrawal-limits](https://nationwide.co.uk/withdrawal-limits)
