# Fixed Rate ISA

### >> What is the interest rate?

You can find the details of our available interest rates in the table below.

Term	Monthly Interest rates (fixed)		Annual Interest rates (fixed)	
	AER	Tax-free	AER	Tax-free
1 year Fixed Rate ISA	0.30%	0.30%	0.30%	0.30%
2 year Fixed Rate ISA	0.35%	0.35%	0.35%	0.35%

Interest is calculated daily.

#### If you choose for interest to be paid annually:

Interest is paid at the end of the day before each anniversary of the account opening, at the end of the fixed term and on the date the account is closed. You can choose to have interest paid to you by:

- having it added to your account
- asking us to pay it into a different Nationwide current or savings account (as long as it is possible to make interest payments into that account)
- a current account with another building society or bank.

#### If you choose for interest to be paid monthly:

Interest is paid at the end of each month, at the end of the fixed term and on the date the account is closed. The interest must be paid into:

- a different Nationwide current or savings account (as long as it is possible to make interest payments into that account)
- a current account with another building society or bank.

If you open your account towards the end of the month your first interest payment may not be paid until the following month. The final interest payment, when the account matures, is added to the Fixed Rate ISA.

### >> Can Nationwide change the interest rate?

**No, the interest rate on this account is fixed for the term of the Fixed Rate ISA and cannot be changed.**

### >> What would the estimated balance be at the end of the fixed term based on a £1,000 deposit?

#### Annual

Term	Annual Interest rates (fixed)		Balance at end of term
	AER	Tax-free	
1 year Fixed Rate ISA	0.30%	0.30%	£1,003.00
2 year Fixed Rate ISA	0.35%	0.35%	£1,007.01

The table above shows the estimated balance on a deposit of **£1,000 at the end of** the fixed term with the fixed rate shown where interest is paid **annually into the account**.

#### Monthly

Term	Monthly Interest rates (fixed)		Balance at end of term	Total interest payable
	AER	Tax-free		
1 year Fixed Rate ISA	0.30%	0.30%	£1,000.25	£3.00
2 year Fixed Rate ISA	0.35%	0.35%	£1,000.29	£7.00

The table above shows the estimated balance on a deposit of **£1,000** for the fixed term with the fixed rate shown where interest is paid **monthly into another account**. Only the final months interest payment is shown as being added to the account in the "Balance at end of term" column, as per the Key Product Information. We've also shown you how much interest would be payable over the life of the product if interest is paid monthly into another account in the "Total interest payable" column – this includes interest for the final month which would be added to your account.

#### The estimated balances are for illustration only and assume that:

- the Fixed Rate ISA is not closed before the end of the fixed term.

## Can I withdraw money?

**Yes, but this account doesn't allow part withdrawals.** You can close the account and withdraw the whole of the balance during the fixed term, subject to payment of an early access charge.

Once the account is open, there is a 14 day cancellation period where you will be able to cancel your Fixed Rate ISA. After this period if you do close the account early the early access charge will apply. The amount of the early access charge will depend on the length of the fixed term and will be based on a number of days' interest at the rate applicable to the Fixed Rate ISA as detailed in the table below.

Term	Early Access Charge
1 year Fixed Rate ISA	90 days interest
2 year Fixed Rate ISA	180 days interest

**If there is insufficient earned interest to cover the early access charge then the difference will be taken from the money in the account.** The money in the account, together with any interest earned and minus the early access charge, will be paid to you on closure of the account.

At the end of the term, your Fixed Rate ISA will mature into a Fixed Term ISA Maturity account, giving you instant access to your money. We'll contact you before your Fixed Rate ISA matures with more information.

## Additional information

We'll send you a certificate within a few days of opening your account, outlining your account balance and interest rate.
